Extract from the weekly report of the Director of Agriculture re progress of fodder operations received with his letter no. Roc 973 - Hc 302-388 dt 4.3.44

I may point out here that no effort has been spared to move fodder as rapidly as possible & have always worked on the supposition that our Campaign in the movement of cattle might probably fail. To assist in the movement the departmental motor Lorry has been brought into requisition and 12 pairs of bullocks from the Rayanakere Dairy Farm with carts have been placed on the road for the shorter hauls.
